

What is the Child Care Food Program?

The **Child and Adult Care Food Program (CACFP)** is funded by the United States Department of Agriculture (USDA) and is overseen by the California Department of Education.

Choices for Children acts as a sponsor to child care providers to help children in childcare homes receive nutritious meals. Exposure to good nutrition at an early age benefits children by promoting healthful eating habits that last a lifetime.

Choices for Children reimburses licensed family child care providers and licensed exempt (Trustline) providers for meals and snacks served to children zero through twelve years of age.
